

An outline for the preparation of Lulea Meeting
Decisions taken in Guebwiller, concerning the progress of Toolbox

Tasks of National Teams:

1. Constructing a theoretical fundament on intercultural education.

- a. Research for theoretical background by each National team. Summarize it to one page and send it to György [gyuri7420@gmail.com] , me and to Dr. Looss **[until 18th of May]**.
- b. György – (the coordinator of this task) makes a theoretical framework for all the national teams - Henk supports György and gives feedback to him.
- c. **Before we start the work in Lulea he sends the results to all coordinators and to Dr. Looss.**

2. Describing the multicultural situation in each country

- a. Describe in short words the multicultural situation in your country and why you have chosen to develop just these tools, which fit into your intercultural problem area.
- b. Henk proposes, that perhaps the ecological field of influences from one of the Dutch tools can be helpful. (see attachment).
- c. If so the Dutch team will be able to make an ecological framework for this task

3. Electronic publishing

- a. Daniel had some ideas and examples for electronic publishing,
- b. We could use and Daniel was committed to become the coordinator for this activity.
- c. Any other member with ideas for electronic publishing sends his ideas to Daniel
